

Coach Travis

Meet Coach Travis. We are proud to have gained a coach that brings positive disciplined training to our higher level boys. Coach Travis is our Level 6 through Level 10 Boys Coach. Working with these levels he has a wide range of age that he is working with from our youngest gymnasts in level 6 who are eight years old up to our oldest who are seventeen in level 10.

Coach Travis started in gymnastics at the age of eleven. He came to Prestige Gymnastics when he was fourteen and joined team under Coach Chuck. Travis competed with Prestige until the age of seventeen. His favorite event was the Parallel Bars.

Having a passion for the sport Travis began coaching at the age of thirteen working with class level gymnasts. From there he became a coach for Artistic Sports Academy Plus in 2005 where he coached up until 2014 when he came back home here to Prestige. He also has been a coach at Woodward Camp since 2007 and spends every summer working with young gymnasts from all over the country.

Coach Travis is a graduate from Palmyra Area Senior High School and has also studied at Penn State. He is originally from Ogden, Utah. We are proud to say that Travis has served our Country in the United States Air force and is still very much involved in serving as he is in our Pennsylvania Air National Guard and has been since 2007. Travis is from a family line of men who have served our country.

Our Men's Gymnastic Family has welcomed Coach Travis with open arms. He works well with our boys and our boys respond to his training techniques. Watching him coach you can see his desire to help our gymnasts improve in their skills and become the best they can in the sport. His reward is watching our boys achieve a skill they have worked so hard at and finally accomplish. Travis is always supportive of the boys and pushes them to keep trying, to work hard and focused, and to not give up. We look forward to an awesome season.

Coach Travis is a big Atlanta Falcons fan. He loves Rap and Hard Rock music as well as adventure type movies. There is nothing like a good book that revolves around Star Wars.
